

In preparation for your ongoing planning sessions, there is a lot of Canadian Path information that is readily available on the Scouts Canada website to assist you with engaging the youth on their new Scouting journey.

The start of our 2014-15 Scouting year saw the introduction of the Canadian Path through Scouting Scene and Scouting Life. Groups were invited to start their journey on the Canadian Path by returning to our roots by ensuring we are Youth-led, having great Adventures which contribute to the development of young people as they Plan, Do, Review, and learn from their activities.

NOTE: The Canadian Path website is constantly being updated, so please reference that website for the most up-to-date information. Canadian Path Support

To enable Program Support to be ready for the final phase of the Canadian Path in September 2015, Leader Material and Training Programs are currently being developed. More information will be available in late spring to summer 2015.

In the meanwhile, below are your contacts who are available to assist you as we transition onto the Canadian Path:

Owasco Area Service Team

These volunteers will help bridge the gap between the Ambassador and the Groups.

White Pine Council Ambassador - George Gordon georgegordon@personainternet.com

This person is the Program Revitalization (Canadian Path) expert in the Council and the main point of contact with the National Strategic Team. They will help to promote and educate people about the Canadian Path, help to recruit mentors and work with the Council Leadership team.
